

R12

Oracle R12 Upgrade with Mythics Consulting

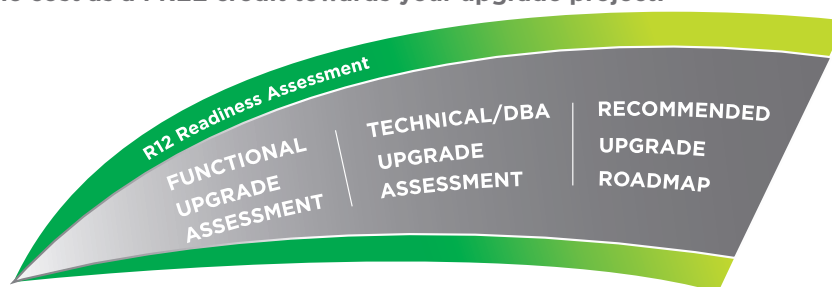

Mythics Consulting offers a robust Oracle R12 Upgrade Program designed to move your enterprise forward. Oracle R12 offers enhancements and features that improve an organization's ability to respond to business changes and streamline processes. It is the most feature rich version ever released. Increase efficiencies while lowering your total cost of ownership. Maximize YOUR investment in Oracle!

The R12 Upgrade Program from Mythics Consulting is designed to help clients maximize their investment in Oracle, while modernizing their business. The Mythics team has designed several offerings to ensure the right solution is delivered to each unique environment. Mythics Consulting will partner with your organization to remove the challenges of upgrading from older Oracle E-Business releases to the current E-Business Suite Release 12.

Mythics Consulting R12 Offerings

R12 Readiness Assessment

The Mythics team will perform a thorough assessment of your current business processes and technology to determine How/Where R12 will improve your organization. The assessment will include three key deliverables: a Functional Upgrade Impact document, a Technical Upgrade Impact document and a recommended R12 Upgrade Roadmap. Start your R12 planning and budgeting with the Mythics R12 Readiness Assessment and **apply the cost as a FREE credit towards your upgrade project!**

R12 Solid Start

The transition from 11i to R12 is a major initiative for E-Business customers. Mythics Consulting will work with your organization to understand the key elements of success for your upgrade solution. The Mythics team will provide the right approach based on your organizational needs and available budget. Make progress on your R12 upgrade by finding the best solution for your enterprise.

Oracle R12 Upgrade

from Mythics Consulting

With this service, our clients will receive customized upgrade guidance for their Oracle E-Business Suite platform, led by Oracle Certified Consultants. Mythics Consulting will provide clients with a superior level of expertise around best practices, new enhancements and advanced features.
